Bible/Theology- General Ministry

Minor Program Description:

Major: Bible

Minor: General Ministries

Acting Coordinator: Dr. Charles Bethel

Appalachian Bible College has always been preparing men and women for full-time vocational ministry. In ABC's 56 plus years, training servants for ministry has been the pulse of the educational and practical preparation process. The General Ministries Minor is designed to provide a solid biblical foundation, a firm understanding and preparation in general education, and a unique opportunity to take practical ministry courses across all the minor curriculums. The General Ministries Minor Student can take classes in camping, pastoral studies, youth ministry, music, elementary education, family counseling, or missions, depending on interest and pre-requisite requirements. This kind of general ministry preparation will enable the servant of the Lord to be used in a variety of ministry applications and situations.

The General Ministries Minor Program is ideal for the student who feels God's call to ministry, but whose goals and desires are not in one of the other current minor programs
